

SUMMER MUSIC CAMP 2024

Cantare's **tuition-free** Summer Music Camp provides the life changing benefits of high-quality music education to 125 rising 4-9th graders, during critical summer months when the effects of learning loss are significant. Students will develop their voices through daily choral rehearsals, musicianship training and team-building activities, growing as musicians, leaders and team players.

Our Summer Camp also provides a first paid work experience for 10-12th graders who work as counselors, mentoring their younger peers.

Summer Camp 2024
June 3 - 14, 9am - 3pm

We are listening to our community!

To better meet the needs of working families, we are **doubling last year's daily camp hours from 3 to 6 hours**. Your donation will help us provide a safe and joyful learning environment, as well as, support hard-working families.

I never imagined that my daughter would sing in front of so many people at the Coliseum let alone be excited to do so. Since she was young, she never wanted to perform in front of people, though at home she was constantly creating music! Over the past year, through her participation in Cantare's choir program at her school, and then at camp, I've seen her love and joy for singing develop and motivate her to push through fear. Being part of and having the support of the group and instructors, gave her confidence and allowed her to embrace new experiences.

– Summer Camp Parent

My child has gained confidence, great friendships, leadership skills, and greater autonomy. It's been very helpful as she's transitioning to middle school to have this outlet that brings her joy and a sense of community and purpose.

– Summer Camp Parent

Camp Budget: \$51,550

– PLEASE GIVE –
